What brings you here

What brings you here
Lost soul i see
What fortunes lost
Who are you trying to be
What brings you to
These distant shores
Alone at times
And by the scores
What brings you here
You've left your home
Is it your choice
To widely roam
Or do you run
To save your life
To hold your child
To hold a wife
What brings you here
To be true
Is not my business
But what i do
Is hold out my hand
Open my arms
Please stay with us
Away from harm
What brings you here
Lost soul i know
Stay as long as you wish
There's no need to go
