

973-1000

When the echoes cease

Echoes

Not what's really going on

Such as

Some say dusk is like the dawn

Just

An echo of the morn

Or

A song is written and a story tell

And if it has a chiming bell

It's An echo

Of time

So

What happens when the echoes cease

Is that when

Time stands still?

Is that

When dawn and dusk

Become one

What happens

When echoes cease
