Xiao Baise (Little White)

Talk about a person who shined brighter than the sun  
Smiling ever laughing could we have any more fun  
Magnetic and so alive you thought she'd live forever  
And now in this instant many memories to treasure

He called her  
Little white  
Shining light  
Little white  
Xiao Baise  
Little White

I just found out you passed away  
I couldn't believe my eyes  
You're the one who burned the brightest  
You're not the one who dies

It goes like this  
We go like this  
We all go like this  
Someday  
Somehow  
Sometime  
Goodbye xiao baise  
Goodbye xiao baise
