You can tell me

You can tell me and i won't judge
I'm not better or no worse
You can tell me the entire tale
Word for word and verse for verse
You can tell me and i won't laugh
Even if you laugh at first
You can tell me

You can tell me anything
There's no way you will surprise
I have done some crazy stuff
When i tell you you'll surmise
You can tell me all that stuff
It'll stay with me until i die
You can tell me

You can tell me secrets deep
I have no one i would share
But if you'd rather not say a word
I won't mind and i won't care
But you can tell me anything
I promise i will never share
You can tell me

You can tell because
I once was, once was
No different from you
And you can tell me
