

909-1000
You can't do this alone

You can't do this alone
Anymore
No one's keep score
You've done your part
You've done your best
With flying colors
You've passed the test
Even though
There is no test
And no
It's time to rest
To rest
To allow others
To carry on
To help
To share the load
And you need to know
Now
You can't do this alone
Anymore
You are old and tired
For years in this you have been mired
Mired
And now
It's ok
It's time
Hear my rhyme
You cannot do this
anymore
