You havent heard a word ive said

Listen

Please listen

Can you hear me now

I'm starving

Im hopeness

I need to live somehow

I need to run free and wild

Fearless to the dawn

I need to make sense out of time

Can you see me

Robbed

Resolved

Ready to embark

Sitting on the edge

Reaching for the sky

No more lies

Can you hear me

Can you hear me

No

You haven't heard a word ive said
