

834-1000
You said yourself

You said yourself
So many things
So much
You said
But i came to know
I came to see
That while you may have mean those things
I knew it could never come true
I knew you were feeling something
But that in time
That thing would change
Life rearranged
And time doesn't heal
It makes us forget
And even though
You said yourself
It's ok
You don't mean it now
